

MT2030 Climate Solutions Summit Advance Information

The 2022 Mountain Towns 2030 Climate Solutions Summit brings together key stakeholders from our mountain and outdoor communities to collaborate on achievable solutions that accelerate a collective movement to zero-carbon emissions.

The three-day Summit, taking place in Breckenridge, CO on September 20-22, will host attendees from resort companies, local government staff and sustainability teams, businesses, community leaders, local NGOs, and others.

Location/Dates:

Breckenridge, Colorado

Tuesday, September 20 - Thursday, September 22, 2022

Schedule:

The program will begin Tuesday 9/20 at 10:00 a.m. and will commence on Thursday 9/22 early afternoon. Monday evening arrival is recommended.

Session Location:

Sessions will be held at Breckenridge's Riverwalk Center and in facilities throughout the core of Historic Breckenridge, all within a 5-10 minute walk. Dress is casual. Bring comfortable shoes and appropriate clothing to be walking outdoors between sessions.

Registration:

Registration details will be posted on our website by **May 1st**.

Cost is TBD (approx. \$400-500 per person)

Hotels and Lodging:

A variety of lodging options are available from hotel rooms to condominiums with costs ranging as follows. To receive the MT2030 discounted rates, use the direct registration links posted on the MT2030 website registration, live by May 1.

Approximate lodging costs:

Hotel Rooms:

\$130-\$155++ per night

Condominiums:

Studios to 3 bedrooms condos will be available at approximately \$300++ per night for a 3-bedroom condo.

**Meals:**

Light breakfasts and lunches will be provided Tuesday-Thursday.
Dinners will be on your own.

Transportation in Breckenridge:

All meetings and events will be within walking distance of MT2030 lodging accommodations in Breckenridge.

Transportation from DEN to Breckenridge will be available through Epic Mountain Express shuttle for a discounted rate. Rental cars can also be rented at DEN.

About Breckenridge:

Located at 9600' above sea level, Breckenridge is approximately 90 miles west of Denver. Visit GoBreck.com for more information on visiting Breckenridge.

Weather:

Weather in the high country in September can vary from snowing to beautiful sunny 70+ degree days. Evenings will be cool. Plan accordingly when packing.

More information will be posted on the website by May 1, 2022
