

# CLIMATE SOLUTIONS SUMMIT

VAIL2023

**Corporate Partnerships**

Mountain Towns 2030 is a network of mountain community leaders - local government elected leaders and staff, sustainability teams, businesses, ski resorts and nonprofits working together to achieve a bold climate goal: net-zero carbon emissions by 2030.

**We are empowering a movement of mountain communities committed to achieving net-zero carbon emissions by 2030.**

# The 2023 MT2030 Climate Solutions Summit

## Vail, CO October, 18-19, 2023

The Mountain Towns 2030 Climate Solutions Summit is the annual gathering of 500+ mountain community leaders from across the U.S., focused on setting ambitious climate goals that accelerate a movement to zero-carbon emissions.

Taking place at The Hythe Vail, the unique format of the Summit features inspirational keynotes and conversations with some of our nation's foremost climate, business, resort and community leaders, with hands-on workshops that focus on actionable outcomes.

Bringing together diverse stakeholders in a truly collaborative and cross-functional environment gives everyone the opportunity to learn and share ideas and approaches with peers, giving communities the capacity to set bold climate goals and deploy the most challenging climate solutions, quicker.

Every attendee will leave the Summit with a network of colleagues, and the knowledge and tools to accelerate climate action planning in their communities.

# An Audience Of Diverse Stakeholders

The Summit hosts 500+ mountain community leaders; local government elected officials and staff, sustainability teams, ski resorts, local businesses, and nonprofits from 50+ communities including Vail, Aspen, Jackson, Moab, Truckee, Telluride, Summit County, and ski resorts including the four major ski resort companies, Alterra Mountain Co., Vail Resorts, Boyne Resorts, and POWDR.

Our corporate partners have an opportunity to connect with this influential audience of passionate community and business leaders.

# **Be Part Of The MT2030 Movement**

## **Help Us Drive Climate Progress In Mountain Communities**

**Support  
MT2030's  
Mission**
